

You Are Invited to

“Using Technology Systems to Help Homeowners live a Greener life.”

Hosted by Kiwi Audio Visual

RSVP- MShull@Kiwiav.com or call (888)-567-5494.

Time and Event Schedule

Thursday, May 3 at 11-1 pm

Check-in 10:45 a.m.

11-Noon: Class

Noon-1 p.m. Lunch & Networking after class in boardroom. Feel free to bring a colleague that may need this class, too. Please include in your RSVP. This class counts for 1 CEU POINT toward accredited education for Interior Designers and Residential Architects.

Location

*Kiwi Audio Visual
1950 Kellogg Avenue
Carlsbad, CA 92008*

Presenter

Michelle Guss (Baker) – Cedia Certified

Learning objectives:

- **Recognize key areas of green living and how integrated home systems can create synergies**
 - Recognize importance of making "being green" easy and empowering homeowners and allowing them to measure results
 - Define green benefits of control systems for: HVAC, lighting and lighting control, automated shading, smart appliances, and water detection
 - Recognize impact on LEED for homes.
 -

We only have 5 (15) spaces left. Please RSVP soon.
